

LUT UNIVERSITY: Interview Details

Autumn 2024 intake

EARLY ADMISSION

Successful candidates who meet the academic prerequisites will receive an interview invitation, facilitated through the RecRight video interview system or other electronic platforms like Teams or Skype. Please monitor your email, including junk mail, regularly for such invitations. Achieving a minimum of 50% of the maximum interview points is necessary for admission.

Programmes with interview:

- Global Management of Innovation and Technology
- Innovation and Logistics
- Industrial Design Engineering
- Mechanical Engineering
- Sustainability Science and Solutions

REGULAR ADMISSION

In the first stage, applications undergo evaluation, receiving points based on educational background and other relevant criteria. Following this, a limited number of high-scoring applicants move on to the interview stage, which may utilize video platforms such as Teams, Zoom, or Skype. Please check your email, including junk mail, for interview invitations as needed.

Programmes with interview:

- Strategic Finance and Analytics
- Business Analytics
- International Marketing Management
- Supply Management
