

Metropolia UAS: SAT Test for Rolling Application

Autumn 2024 intake

Rolling Application

Eligible applicants who meet the student selection criteria will be accepted as applications arrive on a first-come, first-served basis until the study places have been filled. **If all the study places are filled before the end of the application period, the application period may end earlier than indicated.**

International test (SAT) -based student selection

- Bachelor of Engineering in Smart Automation
- Bachelor of Engineering in Automotive Electrics
- Bachelor of Engineering in Construction Information Technology

SAT Requirements

- Must have completed at least **400 points** in both sections of the SAT test (Evidence Based Reading and Writing & Math).
- Metropolia University of Applied Sciences' SAT code is **6953**.
- Only the new format SAT test taken after March 2016 will be accepted.
- SAT Subject Test ("SAT2") results are not taken into account in student selection.
- Students must have completed SAT test and have the results by the time of application
- The test used as a basis for student selection must be completed in such a way that the relevant test results are available at Metropolia University of Applied Sciences in the test owner's online service at the time of sending the application.
 - If the relevant test scores are not available for Metropolia by the time the application is submitted or if the scores are below the minimum requirement, the application will be rejected.

Important points to highlight

- Documents self-printed or self-submitted by applicants will not be taken into consideration.
- The results must be verifiable through the organizer's online verification service for at least 6 months from the time of sending the application.
- In the case of multiple test attempts, the most favorable official score available for Metropolia at the time of application submission will be taken into account. However, combining scores from different test dates is not permitted.
